Net

Multimedia with design

The Net model was developed for indoors use to work as stand up kiosk.

The Net 17 or 19 models have the same characteristics and dimensions, and the only difference among them is the size of the tactile monitor, 17", or 19".

This model can be manufactured in stainless steel or painted steel (available in all RAL colors) using steel plate of 1,5mm to 2,5mm which ensures the stability and rigidity of the all structure.

This model is normally equipped with a tactile monitor and can be delivered with a anti vandalic keyboard (NetXL) with trackball, card reader, webcam, coin acceptor, tickets printer, handset phone and other peripherals.This model can be equipped with a anti vandalic monitor.
The area where the PC will be installed has security locks, general switch and is easily detachable, leaving enough space for the installation and access to a minitower PC.

On the side of the monitor are two speakers and the kiosk has 2 independent systems of ventilation, one for the monitor and other for the PC.

The Net Model is normally equipped with a Atom CPU with a 160 GB hard drive, 1 Gb Ram Memory, a 128Mb graphic card and a 10/100 mb ethernet, Windows 7 Starter.
